**Warranty Coverage**

Effective for all purchases on and after April 1, 2010, the below listed Eurocom LETRO-LED brand products (the "products") are warranted in the below described manner for the below listed periods, beginning on their respective date of original purchase from Eurocom:

**LETRO-LED MODULES (IP66): 36-MONTHS**  
**LETRO-LED SLIM-LINE-BARS (IP00; IP66): 24-MONTHS**

EUROCOM-INC., ("Eurocom"), warrants that the products are in compliance with their respective data-sheets.

If original purchaser from Eurocom believes that a product is not in compliance with its respective data-sheet or otherwise defective, the original purchaser shall contact Eurocom and receive instructions regarding if, when, how and where to ship such product to Eurocom for warranty evaluation. All shipping expenses incurred therewith shall be the responsibility of the purchaser. Products returned for warranty evaluation shall be accompanied by information stating the cause of the alleged defect (if known) and an explanation stating the conditions of use of the returned products as well as their purchase price and date of their purchase from Eurocom. FAILURE TO FOLLOW THE ABOVE DESCRIBED PROCEDURES SHALL VOID THIS WARRANTY. Eurocom reserves the right to examine all failed Eurocom products, along with their respective power supplies, controls, components and patterns of usage to determine the cause of failure. In addition, Eurocom reserves the right to be the sole judge as to whether any such power supplies, controls, components or usage were defective and/or improperly used.

At the option of Eurocom, products, found by Eurocom to be not in compliance with their respective data-sheets or otherwise defective due to defects in materials or workmanship, may be repaired, replaced or the purchase price of such products may be refunded on a pro-rata basis, if applicable, to the original purchaser from Eurocom. If Eurocom finds that products were altered, misused, experimented upon or otherwise abused and/or improperly and/or inadequately powered, this warranty shall be void. All determinations by Eurocom in connection with a warranty claim shall be at the sole discretion of Eurocom. Use and selection of non-Eurocom listed or approved power supplies will void this warranty. Replacement of Eurocom components in end applications with components of other manufacturers shall void this warranty.
